This Hoshizaki IM-45CNE-HC is a self contained cube ice maker producing up to 44 kg of high-quality cube ice per 24 hours.

Meeting even the strictest hygiene requirements, this true allrounder offers many application possibilities in segments including the foodservice and medical sector.

Size

Unit	Height	Width	Depth
Mm	690	633	511
Cm	69	63.3	51.1
Inches (approx)	27	24	20

- The closed water circuit provides maximum protection against any type of contamination during the entire cubing process.
- A dedicated jet of fresh water is injected into each of the closed cells.
- Excess water leaves the closed cell through a set of outlets.
- The cell walls block the freezing water's expansion from all sides while reaching down to -30°C during the cubing process.
- Automatic rinse cycles, impurities such as minerals, are eliminated from the water resulting in the purest ice possible while your machine is protected from calcification and mineral build-up.
- Designed to last and comes with smart design extras such as a magnetic water pump without direct coupling.
- Compact and is a perfect fit for small spaces.
- The smart plug-and-play design guarantees an easy and quick set-up.
- Ice type: Large cubes, Standard (28 x 28 x 32mm)
- Production capacity: 44kg/24hr.
- Storage capacity: 15 KG.
- Easy to use, clean, and maintain.
- Power Type : 642
- Power Supply : 613
- Material : Stainless Steel
- Capacity : 15 KG
